- Bold and bright flavour with a kick of tart and tanginess.
- Storage: keep frozen (-18°C).

IQF Blackberries
3 x 1 Kg & 10 Kg

- Picked when they're ripen. Blackberries are juicy, sweet and sour in taste.
- Storage: keep frozen (-18°C).

IQF Strawberries
3 x 1 Kg & 10 Kg

- Nicely sweet and tart strawberries in frozen form, high in vitamin C.
- Storage: keep frozen (-18°C).

IQF Mango
3 x 1 Kg

- Frozen peeled and cut sweet mango, convenient all year round.
- Storage: keep frozen (-18°C).

Tatua - Pouch MASCARPONE Cheese | 1 Kg, 12 x 1 Kg

- Spreadable velvety soft cream cheese with rich and creamy flavour.
- Storage: chilled (0°C - 4°C).

Tatua - Pouch Mascarpone Cheese | 6 x 500 gr

- Spreadable velvety soft cream cheese with rich and creamy flavour.
- Storage: chilled (0°C - 4°C).

Tatua - Pouch SOUR CREAM 1 Ltr, 12 x 1 Ltr

- A cultured soft and creamy long-life sour cream with a delicious tangy flavour.
- Storage: chilled (0°C - 4°C).

Tatua - Pouch Sour Cream 6 x 500 gr

- A cultured soft and creamy long-life sour cream with a delicious tangy flavour.
- Storage: chilled (0°C - 4°C)..

Tatua - Whipping Cooking Cream CULINARY | 1 Ltr, 12 x 1 Ltr

- Has a high overrun of between 100%-120%. Suitable for cooking, pastry and baking.
- Storage: chilled (0°C - 4°C).

Tatua - Whipping Cream 36% For PASTRY | 1 Ltr, 12 x 1 Ltr

- Has 36% milkfat with overrun up to 150%. Perfect for bakery, pastry and cafe applications.
- Storage: chilled (0°C - 4°C).

Mozzarella Cheese Block 2.3 Kg & 8 x 2.3 Kg

- Fresh, milky flavour with soft and elastic texture, stretchy once heated.
- Storage: chilled (0°C - 4°C) or Frozen.

Shredded Mozzarella Cheese 2.3 Kg

- Same texture and flavour but conveniently shredded.
- Storage: chilled (0°C - 4°C) or Frozen.

LURMARK - Lactic Unsalted Butter | Kg & 25 Kg

- This cultured butter has a more pronounced flavour, sweet and slightly acidic.
- Storage: chilled (0°C - 4°C).

**Dairymont - White Cheddar
Cheese Burger Sliced | 84's 1 Kg**

- Sharp and creamy, perfect for sandwiches.
- Storage: chilled (0°C - 4°C).

**Dairymont - Coloured Cheddar
Cheese Burger Sliced | 84's 1 Kg**

- Savory and buttery with a mild tang and appetizing deep yellow colour.
- Storage: chilled (0°C - 4°C).

**Red Cheddar Cheese
Kg**

- Mild and creamy with a smooth texture and beautiful red colour, great for melting on burgers.
- Storage: chilled (0°C - 4°C).

**Cheddar Cheese Block
Kg**

- Classic cheddar cheese block, versatile and delicious for any recipe.
- Storage: chilled (0°C - 4°C) or frozen (below -18°C).

**Danish White Cheese (Feta)
1 Kg**

- Crumbly texture with distinct flavour; salty and slightly sour.
- Storage: chilled (max. 5°C), do not freeze.

**MG - Cream Cheese
10 Kg**

- Smooth and creamy, versatile cream cheese perfect for spreading, baking, and delightful recipes.
- Storage: chilled (0°C - 4°C).

Sustainable Wheat Grain 25 Kg

- Wheat grains that you can mill or sprout on your own at home to achieve the desired texture level for any recipe you want. The grains must be washed before using.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 1 year after production date in room temperature.

Sustainable Unbleached Bakers White Flour | 12.5 Kg

- Bakers flour is also known as bread flour and has a high protein content of more than 12% which can help forming more gluten in the dough. This can make your baked bread firmer and chewier.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 6 months (room temperature) and 1 year (fridge).

Sustainable Wheat Semolina Flour | 12.5 Kg

- Perfect for pizza bases and pastas. It can also be a substitute recipe that calls for plain flour, great for your home-baked goods, from breads, cakes, muffins, to biscuits.
- Storage: store in an airtight container, in a cool, dark, and odourless place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 18 months after production date.

Sustainable Premium White Bakers Flour | 12.5 Kg

- It is roller milled with all the bran removed, resulting in premium white baker's flour. It has a light cereal flavour and contains 12% protein, making it perfect for bread, pizza bases, pasta, and any other baked goods.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 6 months (room temperature) and 1 year (fridge).

Sustainable Wholewheat Bakers Flour | 12.5 Kg

- This flour is produced by stone milling, giving it a stronger flavour and retaining more nutrients. It contains 12% protein with a cereal flavour profile. Usually used for sourdough, breads, pizza bases and any other baked goods.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 3 months (room temperature) and 1 year (fridge).

Sustainable Premium Whole Wheat Bakers Flour | 12.5 Kg

- A versatile all-purpose flour that contains 100% whole grains. It's roller milled for a finer and more subtle flavour. It has a high protein level (over 13%), perfect for successful bread baking.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 6 months (room temperature) and 1 year (fridge).

Sustainable Plain White Flour 12.5 Kg

- Commonly known as all-purpose flour. Has a moderate level of protein content, usually around 9-11%. Can be used for any recipes, usually for cakes, pastries and biscuits.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 6 months (room temperature) and 1 year (fridge).

Sustainable Unbleached White Spelt Flour | 25 Kg

- This unrefined, with the bran removed, spelt flour contains high minerals, amino acids and protein. It has a lighter and nuttier taste and can be used in any recipe as a substitute to regular flour.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 6 months (room temperature) and 1 year (fridge).

Sustainable High Protein Flour 12.5 Kg

- It is milled from hard grain wheat and has a protein content between 11-13.5%. High protein flour helps create a stronger gluten. That's why it is most suited for breadmaking.
- Storage: Store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 6 months (room temperature) and 1 year (fridge).

Sustainable Premium White Spelt Flour | 12.5 Kg

- High quality part of the spelt grain is selected to be roller milled into a fine flour. The bran then sifted off to create a whiter and lighter texture. This flour can be used to replace all-purpose flour in any recipe.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 6 months (room temperature) and 1 year (fridge).

Sustainable Whole Spelt Flour 12.5 Kg

- Spelt is an ancient grain that is similar to regular wheat. It can be a substitute for an all-purpose flour, with a better tasting flavour. It has a slightly sour and salty notes. It's high in gluten and fibre.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 6 months (room temperature) and 1 year (fridge).

Sustainable Premium Whole Spelt Flour | 25 Kg

- Using a selected premium part of the spelt grain. It is ground by steel fluted rollers (roller milled) into a fine flour. The bran is not sifted off for Premium Whole Spelt Flour.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 6 months (room temperature) and 1 year (fridge).

Sustainable Whole Rye Flour 12.5 Kg

- Whole rye meal contains all of the bran, germ and endosperm of the original rye kernel. It gives more texture, and flavour to your recipe. Mainly used for breadmaking. It gives a nice dark brown colour to your baked goods.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 12 months.

Sustainable Wholewheat Heritage Flour | 12.5 Kg

- Stone-grounded heritage wheat, containing the endosperm, bran and germ. Heritage wheat is low in gluten which makes this flour easier to digest. It has a unique flavour and excellent baking properties. Usually used for bread and any other baked goods.
- Storage: store in an airtight container, in a cool and dark place or in the freezer to extend its freshness.
- Shelf Life: up to 6 months.

Sustainable Light Sift Rye Flour 12.5 Kg

- The rye kernel is ground whole and then run through an extra screen to take out the larger bits of meal. It tends not to rise as much on its own due to its weak gluten. Great for moist and dense baked goods.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf life: up to 12 months.

Sustainable Premium White Heritage Flour | 12.5 Kg

- Made with 100% organic heritage wheat, using the premium part of the grain to be finely ground. It has distinctive flavour with a 12% minimum protein level. It is suitable for breadmaking, pizza bases, and many more.
- Storage: store in an airtight container, in a cool and dark place or in the freezer to extend its freshness.
- Shelf Life: up to 6 months.

Sustainable Unbleached White Heritage Wheat Flour | 12.5 Kg

- The flour is milled from heritage wheat that was bred and grown before the 1950s. It is unbleached and finely sifted. It has a distinctive taste and superior baking properties that are not found in modern wheat flour, resulting in remarkable baked goods.
- Storage: store in an airtight container, in a cool and dark place or in the freezer to extend its freshness.
- Shelf Life: up to 6 months.

Sustainable Unbleached White Emmer Flour | 12.5 Kg

- Emmer is an ancient wheat variety with a distinct flavour profile and different protein characteristics to modern wheat. It is a suitable substitute for wheat flour in cakes, pastries, and biscuits recipes. It has a great flavour.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 18 months.

Sustainable Wholewheat Emmer Flour | 12.5 Kg

- The grain passes through a stone mill and all of the bran, germ and endosperm is retained. The process gives a stronger flavour and retains more nutrients. It is an ingredient that can be used as an alternative flour in many applications such as bread making.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 18 months.

Sustainable Whole Khorasan Flour | 12.5 Kg & 25 Kg

- This flour contains all the bran, germ, and endosperm of the Khorasan grain. This flour will give your dough a rich yellow colour similar to durum, but with a richer flavour. It's deeper and a bit sweeter.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 12 months.

Sustainable Premium White Emmer Flour | 25 Kg

- Using the best part of the emmer grains, resulting in premium, finer and lighter coloured flour.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 18 months.

Sustainable White Bakers Flour 12.5 Kg

- Sourced from the finest wheat, this versatile flour boasts a high protein content, ensuring optimal gluten development for perfect rising in your bread and baked goods. Its refined texture promises a smooth and consistent dough.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 12 months.

Sustainable White Khorasan Flour | 12.5 Kg

- Khorasan Wheat, also known as Kamut is an ancient grain originally from the historical Khorasan region in Asia. This flour is sifted after milling to remove the bran. It has a distinctive nutty flavour and higher protein than wheat flour.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 12 months.

Sustainable White Spelt Flour 12.5 Kg

- Known for its mild, nutty flavor and exceptional nutritional profile, our white spelt flour brings a delicate touch to your favorite recipes
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 12 months.

Sustainable White Emmer Flour 12.5 Kg

- Flour made from emmer wheat makes a nutty, flavorful, and flakey crusts. And it's also giving an additional fibre nutrient to your baked goods.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 18 months.

Sustainable Whole Emmer Flour 12.5 Kg

- This high protein flour is made from an ancient flour that gives a delicious nutty flavour to your baked goods. Great for breadmaking and pie crusts.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 18 months.

FLOUR PRODUCT

Organic Rye Flour
3 x 1 Kg & 25 Kg

- This rye flour is organic certified. It's suitable for a dense and delicious baking recipes. You can also add rye flour to your favourite wheat loaf to boost its flavour and moisture.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 6 months (room temperature).

Rye Meal Flour
3 x 1 Kg & 12.5 Kg

- Rye meal flour contains all of the bran, germ and endosperm of the original rye kernel. It promotes moisture and density to your baked goods along with delicious nutty flavour.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 12 months (room temperature) and 24 months (fridge).

Self Raising Flour
3 x 1 Kg & 10 Kg

- It includes leavening agents, which ensures perfectly risen baked goods. You don't need to use additional baking powder or baking soda when you use self-raising flour.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 3 months (room temperature) and 1 year (fridge).

Spelt Flour
3 x 1 Kg & 12.5 Kg

- Made from easily digestible ancient grain, that is high in protein and fibre. It has around 14% of protein which are great for many baking recipes. You can make bread, cookies, muffins, waffles, and many more.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 3 months (room temperature) and 12 months (fridge or freezer).

Wholemeal Flour
3 x 1 Kg & 12.5 Kg

- It is slightly darker in colour compared to plain white flour because it contains the bran, endosperm, and germ of the whole wheat grain.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 3 months (room temperature) and 12 months (fridge or freezer).

Polenta Coarse
3 x 1 Kg, 20 Kg & 25 Kg

- It is labelled as polenta because the grind of the corn is appropriate to make polenta dish: a coarsely ground yellow cornmeal. It's very versatile and can be prepared in so many different ways.
- Storage: store in an airtight container, in a cool, dark, and odourless place.
- Shelf Life: up to 12 months (room temperature).

Fine Semolina Flour
3 x 1 Kg & 12.5 Kg

- Usually made from durum wheat that is finely ground. It is slightly coarse but softer and silkier than semolina flour. It is also high in gluten protein, helps making a less sticky and more elastic dough compared to other flours. That is why it is great for making pasta.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 12 months.

Burghul Fine
3 x 1 Kg & 25 Kg

- With its size and texture, Burghul Fine usually cooks the fastest compared to Burghul Coarse. Usually used in West Asian cuisines, especially Turkish.
- Storage: store in an airtight container, in a cool, dry and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 12 months.

Burghul Coarse
3 x 1 Kg & 25 Kg

- Burghul is low in carbs yet high in fibre. Burghul Coarse is on the large side of size, so it takes longer time to cook. Usually needs to be soaked in water first before cooking.
- Storage: store in an airtight container, in a cool, dry, and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 12 months.

White Bread Crumbs
3 x 1 Kg & 10 Kg

- It is made from bread that has been broken down into even small little bits and then toasted dry. Mainly used for fried dishes. It provides a fine and crispy layer. But it can also be incorporated in making burger patties.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 6 months.

Buckwheat Flour
3 x 1 Kg & 25 Kg

- It is naturally gluten-free yet high in fibre, protein and minerals. It gives a nutty and earthy taste and also a dark colour to your recipes. Usually used for soba noodles, french crepes, and many more.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 6 months (room temperature) and 12 months (freezer).

GF White Flour
3 x 1 Kg & 12.5 Kg

- It is made from a mix of flour that does not contain gluten, such as rice flour, tapioca flour and potato flour. GF White Flour is a suitable substitute to all purpose flour.
- Storage: store in an airtight container, in a cool and dark place or in the fridge to maintain optimum freshness.
- Shelf Life: up to 6 months (room temperature).

NUTS, PULSES AND SEEDS

Blanched Whole Almonds
3 x 1 Kg & 11.34 Kg

- Whole almonds with the skin removed by blanching. Can be made into many recipes.
- Storage: chilled (0°C - 12°C) in airtight container.

Almond Flour Extra Fine
3 x 1 Kg & 11.34 Kg

- Finely ground blanched almonds. Usually used for macarons and gluten-free desserts.
- Storage: airtight container in a cool and dry place.

Blanched Sliced Almonds
3 x 1 Kg & 11.34 Kg
